

Lorrie Reese

Lorrie Reese, RN, CEN, is a lifesaver... literally. Not only through her job as an emergency room nurse at Martin Memorial Hospital South for the last 20 years, but also through her charity work with the Martin Memorial Foundation LifeSavers, where she raises money for the newborn nursery. Reese received the Nurse Excellence Award twice from Martin Memorial, and she says her favorite part of being an ER nurse is "just seeing the difference I can make in my patients' lives on a day-to-day basis."
